

NCEMGVA 2022 Inspire Connect Empower Project Grant Recipient

Davidson County: Submitted by J. Craver and L. Wanchick

Project Title: Arcadia Community Center Project
Category: Startup **Funding:** \$500

Description: This project consists of removing existing landscaping, designing, and installing new landscaping at the Arcadia Community Building, which was built in the early 1950's and is now a prominent location used by a wide cross section of the community. The Center is a venue for community events and serves as an election site, thus, making it a vital part of the community and worthy of beautification.

The project will replace the existing landscape, which was sparse and unsightly, with a landscape plan designed by Master Gardener Volunteer B. Leonard. This project will provide the members of the Lion's Club an opportunity to work as team to maintain the garden, to grow in horticulture knowledge and enjoy the many benefits that gardening provides. Beautifying this space will provide widespread enjoyment and be a gift for the community to enjoy.
